WORK SAMPLE PORTFOLIO

Annotated work sample portfolios are provided to support implementation of the Foundation – Year 10 Australian Curriculum.

Each portfolio is an example of evidence of student learning in relation to the achievement standard. Three portfolios are available for each achievement standard, illustrating satisfactory, above satisfactory and below satisfactory student achievement. The set of portfolios assists teachers to make on-balance judgements about the quality of their students’ achievement.

Each portfolio comprises a collection of students’ work drawn from a range of assessment tasks. There is no pre-determined number of student work samples in a portfolio, nor are they sequenced in any particular order. Each work sample in the portfolio may vary in terms of how much student time was involved in undertaking the task or the degree of support provided by the teacher. The portfolios comprise authentic samples of student work and may contain errors such as spelling mistakes and other inaccuracies. Opinions expressed in student work are those of the student.

The portfolios have been selected, annotated and reviewed by classroom teachers and other curriculum experts. The portfolios will be reviewed over time.

ACARA acknowledges the contribution of Australian teachers in the development of these work sample portfolios.

THIS PORTFOLIO: FOUNDATION YEAR ENGLISH

This portfolio provides the following student work samples:

Sample 1  Character story: Mr Happy
Sample 2  Retelling: Malu Kangaroo
Sample 3  Reading aloud: Matt’s Good Idea
Sample 4  Retell: How the Birds Got Their Colours
Sample 5  Prediction: The Three Robbers
Sample 6  Participating in group talk: Eyes

This portfolio of student work includes responses to a variety of texts and the development of a range of written and oral texts (WS1, WS2, WS3, WS4, WS5, WS6), and recognises that texts can reflect personal experiences and evoke an emotional response (WS1, WS2, WS5, WS6). The student uses a growing knowledge of concepts about print and some known sight words and sound-letter correspondences to write and read imaginative and informative texts (WS1, WS2, WS3, WS4, WS5, WS6).
Character story: *Mr Happy*

Foundation Year English achievement standard

The parts of the achievement standard targeted in the assessment task are highlighted.

**Receptive modes (listening, reading and viewing)**

*By the end of the Foundation year, students use predicting and questioning strategies to make meaning from texts. They recall one or two events from texts with familiar topics. They understand that there are different types of texts and that these can have similar characteristics. They identify connections between texts and their personal experience.*

They read short, predictable texts with familiar vocabulary and supportive images, drawing on their developing knowledge of concepts about print and sound and letters. They identify the letters of the English alphabet and use the sounds represented by most letters. They listen to and use appropriate language features to respond to others in a familiar environment. They listen for rhyme, letter patterns and sounds in words.

**Productive modes (speaking, writing and creating)**

*Students understand that their texts can reflect their own experiences. They identify and describe likes and dislikes about familiar texts, objects, characters and events.*

In informal group and whole class settings, students communicate clearly. They retell events and experiences with peers and known adults. They identify and use rhyme, letter patterns and sounds in words. When writing, students use familiar words and phrases and images to convey ideas. Their writing shows evidence of sound and letter knowledge, beginning writing behaviours and experimentation with capital letters and full stops. *They correctly form known upper- and lower-case letters.*

**Summary of task**

Students discussed characters in texts they had listened to. They were asked to select a favourite character and to invent a new story for that character. The teacher modelled the task and students told their new stories to others in groups. Finally students wrote and illustrated their character stories.
