| 1.          | N/A           | Q: How do interested parties access the following materials referred to in the specifications:  
- The 2009 NAPLAN Technical Report  
- Microsoft Excel tables generated by the second-stage analysis of full-cohort data to ACARA and to TAA  
- The relevant data structures / data dictionaries required for analysis | A: Organisations that are intending to put in a tender in response to this request and wish to access these documents should email peter.matheson@acara.edu.au requesting access. These documents will be provided subject to the execution of a confidentiality agreement. |
